Camper Doors

2460CD

Our Camper Doors are constructed of rugged fiberglass bonded firmly to a solid foam core with a 14" x 27" vertical sliding window for effective ventilation.

Each door has a heavy-duty reinforced full interior aluminum screen door with a latch attachment to allow the option for the screen door to open with the primary door. All doors open from the left with hinges on the right.

These Camper Doors have a weathertight seal, quiet operation and secure closing. All sizes are key locking with a flush mount latch. Measurements shown are rough opening sizes.

Uvex Windows and Frames

Uvex is preferred by many trailer builders because it is impact/weather resistant and easy to form. It comes in an attractive smoke color, which shields the interior from the sun while allowing ample light and an open view of the outdoors. Use 1923-12 trim (pg H-14) as a frame for rectangular or rubber gasket (sold below), for installation of oval windows.

Drop-Down Windows

Drop-Down Windows serve as "feed-door" and window combined! Top-latch handle opens from outside, hinged at bottom. "T-slider" style lower glass panel allows screened ventilation with window in upright-closed position. (Add 1/4" to window size for rough opening dimension.)

PART NO.	REF. NO.	DESCRIPTION
SG2024DD	371705	20" X 24", FITS LEFT OR RIGHT SIDE
SG2030DD	371715	20" X 30", FITS LEFT OR RIGHT SIDE
SG2430DD	371725	24" X 30", FITS LEFT OR RIGHT SIDE

90 Degree Radius Windows

90 Degree Radius Windows come standard with tempered safety glass, black frames and inside screens. They have an inside latch and outside pull handles, and are designed to fit either the left or right hand side. We have selected 7 popular sizes to fit your applications (add 1/4" to window size for rough opening dimension).

PART NO.	REF. NO.	DESCRIPTION
SG1218	368300	12" X 18", FITS LEFT OR RIGHT SIDE
SG1224	368417	12" X 24", FITS LEFT OR RIGHT SIDE
SG1236	368422	12" X 36", FITS LEFT OR RIGHT SIDE
SG1242	368440	12" X 42", FITS LEFT OR RIGHT SIDE
SG1248	368452	12" X 48", FITS LEFT OR RIGHT SIDE
SG1524	368470	15" X 24", FITS LEFT OR RIGHT SIDE
SG1842	368550	18" X 42", FITS LEFT OR RIGHT SIDE

Note: After window has been installed, remove all weep slot plugs from the bottom of the window. Not removing bottom weep slot plugs will result in leaking windows.

Clamp Rings for 90 Degree Windows

Although most trailer windows are attached by rivets or screws, we also offer clamp rings for fast, neat installation. Choose clamp rings by wall thickness and window size. No. 8 x 1/2" screws (not included) are recommended for proper installation. Listed below are clamp rings for our 90 degree windows and 3/4" or 1 1/4" wall thickness. Others are available by special request.

PART NO.	REF. NO.	DESCRIPTION	FITS WINDOW No.	WALL THICKNESS

Air Conditioners

These RVP Mach 3 (two-speed rotary) Air Conditioners will add cooling comfort to Horse/Stock trailer dressing rooms, race car trailers, and portable offices. The 320CFM air flow will provide comfortable temperatures quickly and efficiently, even in the most searing heat wave. Requires a 14" x 14" roof opening for installation. Power Cord and Hatch sold separately.

- Proven performer in the RV industry
- 13,500 BTU or 14,800 BTU, 115 volt/60HZ
- 2-Speed fan w/temperature control
- Optional 5,600 BTUH Heat Strip
