Flow·Max™ Fresh Water Pump

Positive Displacement 3-Chamber Fresh Water Pump

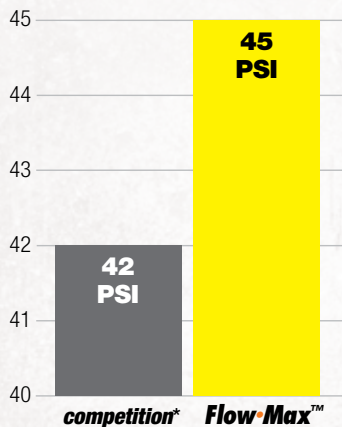

- Lippert Components' Flow Max water pump delivers a steady flow of water to your RV
- Delivers superior pressure performance-averaging 45 PSI with an average 3.30 gallons per minute water flow (12V version)
- This is especially important on larger RVs that have extended plumbing running between the source point and the pump
- Features the quiet, disturbance-free operation campers need-hearing is believing!
- Flow Max offers superior performance at a price below similar products on the market today
